### Ways you can help your child this term:

- Spending time daily to read with your child is essential. This doesn't have to just be a school book! If you read anything with your child that they particularly enjoy then write it in their reading journal so they can share it with the class. Ask lots of questions when reading with them to help with their comprehension.
- Numbots and TT Rockstars are so beneficial to your child's learning. 15 minutes a day on either of these would be fantastic. If you need their login then please let us know.

### In Science we will be focussing on:

#### Alive (structure and function)

Observe and describe how seeds and bulbs grow into mature plants

Explore and compare the differences between things that are living, dead, and never alive.

### During our enquiry we will be focusing looking deeper at the following questions:

What was WW1 and who was involved?

Why were horses very important during the first World War?

Why was WW1 fought in the trenches?

What contribution did tanks and planes make to overall victory?
