09/09/2025

Dear parents/ carers,

Excitingly, as part of our Stone Age topic and our science, which is linked to rocks, I have organised for the class to take a trip to Charmouth Heritage Centre where we will be taken on a guided fossil hunt and explore how fossils are formed. We will also have a chance to have a quick look around the centre itself, whilst having lunch and catching the coach back to school.

The trip will take place on Monday 15th September, leaving school at 09:15 and returning by 2:00pm, traffic dependent. There will be a cost of £24 per child to cover the session at Charmouth and the coach trip, this amount is payable by instalments.

This trip will be a fantastic opportunity for every child in the class to get some hands on experience with fossils and learn in more depth about how they were formed. Alongside this, we will talk more about rock layers and the life of Mary Anning. We would appreciate permissions and payment/part payment via Arbor by Friday 12th September at the latest, so that we can finalise the necessary details of the trip.

Due to the rocky beach and potential weather issues, can children please come to school in their PE kits (trousers) with a rain coat. If your child usually has a packed lunch they should bring this as normal and hot dinners on order have been substituted for a packed lunch.

Any questions, please do not hesitate to get in contact with myself. Thank you for your support.

Kind regards

Mrs Credland-Ballantyne
