# SUMMER TERM

Our next value is Compassion

1st May 2026

Our Year 1 to 4 children became "Eco-Coders" during an immersive workshop that combined digital skills with environmental action. It was much more than a standard computing lesson. Guided by Professor Trice and AL the Robot via an interactive film, our students embarked on a mission to program an eco-friendly shopping robot, learning first-hand how smart technology can help reduce waste and protect our planet. Many thanks to Vitality who funded the workshop - our children had a lovely morning. View our pictures [Click here](#)

After a football filled fun afternoon competing in the St George's Cup our year 3 & 4 girls team managed to make the quarter finals. Six games were played in total with our team winning two of the games - Daisy was a star scoring two goals alongside Emilia who made some brilliant saves. Well done team an amazing effort!

On Friday 24th April, year 3 were visited by Horrid Historia for an Iron Age Workshop. The kids absolutely loved meeting Sean and learning all aspects of prehistory from him. They got to experience lots of Iron Age artefacts, they learned a traditional Iron Age board game that would've been used to settle disputes and they tried on clothing that ranged from the Bronze Age through to the end of the Iron Age Celts. In the afternoon, the children had so much fun designing their own Lime and Woad battle paint and covering themselves in swirls and patterns before heading out on the field for a weapons demonstration. They witnessed a watermelon being sliced and diced by various weapons and then had a go at throwing spears, firing kiwis with a slingshot and blowing a real war horn. It really was an immersive experience! Thank you Horrid Historia!
