Massive congratulations to **Chloe in Year 6**, who has been selected to join **Bournemouth Academy as a Goalkeeper**. What an incredible milestone. From outfield roles at Ridgeway Mixed, to splitting duties between outfield and goalie for Dexter Girls, and earlier seasons with Ridgeway Girls and Dorchester Girls, Chloe has shown versatility, determination, and real passion for the game. Her hard work has paid off, and we couldn't be prouder. This achievement is fully deserved, and we can't wait to see what she does next.

Mr. Sawyer successfully completed his first Triathlon, covering a total distance of 51.5 kilometers in 3 hours and 13 minutes. Completing an open-water sea swim of 1.5km, a grueling 40km cycle, and a 10km run back-to-back requires immense physical endurance and mental grit, What a fantastic achievement!

Great news. The beach litter clean went brilliantly and it is now cleaner than ever. The Dorset council litter pickers cleaned the beach but the beach was still dirty but we cleaned it up. We worked hard and we found things like seats, nets, plastic and leftover bottles but we got the job done. By Bodhi y4 and Ella y6. On electricity free Friday, all the classes had no electricity for a whole day. Meaning no lights, no computers and paper register. Year three did pond dipping We found very interesting things like baby Boatmans and full grown Boatmans, tadpoles with their back legs. This is what our classroom would look like. After lunch we went out to sports day and guess what! Red team won! One of our events in this fabulous week is plastic free Thursday. Our main goal was to cut any plastic in lunch boxes to make better changes for the environment. In our lunch boxes we made sure that we did not have any single use plastic and that we recycled all our crisp packets. We also made sure that the school lunches had no single use plastic. We recycled all the crisp packets at Sainsburys. Our litter ends up in the ocean and kills millions of creatures like this turtle swallowing a plastic bag. Our ocean and land is getting ruined by the choices we are making. The very existence of our world is in our hands. By Lacie and Caitlyn Every class did their own litter pick somewhere around the school. We borrowed equipment from the Dorset Council so that everyone could help. The year 6s went as far as the park and helped out over there. The other classes helped litter pick inside of school like on the field and playground. After that, all around the school started to look a lot better. Emma P and Maddie Throughout Big Green Week, there was a contest where you had to try and walk, cycle or scoot to school as much as possible. If you live far away you could drive some of the way and walk the rest. Every class collected the scores and they were added up to find out which class won. The prizes were: 1st place is non school uniform and an extra break and 2nd place is just an extra break. All the classes did really well and tried hard to help our planet. And now we are ready to tell you who won!!!

THE WINNER IS YEAR 6 AND THE RUNNER UP IS YEAR 4

Our Year 4 children had an absolutely fantastic time on their recent WOEC trip. The children showed incredible teamwork, bravery, and determination as they tackled a series of exciting challenges. They put their focus and precision to the test during an energetic archery session, and showed fantastic resilience while navigating the twists and turns of the indoor tunneling system. A huge highlight of the trip was taking to the water on the giant Mega SUPs. The children worked together brilliantly to stay balanced and paddle in unison. To top off an already magical experience, the group was incredibly lucky to spot a dolphin swimming through the harbour waters! We are so proud of how well the children represented our school, supported one another, and embraced every single challenge with a smile.

Our year 3 camp was a massive success! The children showed incredible teamwork, resilience, and high spirits from the moment they arrived. Here is a look back at what we they got up to during their action-packed camp.

Camp started with setting up base camp. The children did a fantastic job working in teams to put up their own tents. The afternoon was spent at Weymouth Outdoor Education Centre (WOEC). The groups split into groups to try: Paddleboarding on the water, indoor climbing challenges and rock hopping along the Portland coast The evening finished with a delicious BBQ dinner and Mrs Henman led a campfire sing-along while the children cooked their own popcorn. Everyone survived and slept soundly!

The second day followed with sunshine, Low Ropes, and Dance Moves! A broken-down minibus threw a small wrench in the morning schedule, but it did not stop the fun! The children quickly adapted, and showed amazing flexibility. Instead of rock hopping, one group spent the day scaling outdoor climbing routes and testing their balance on the low ropes course in the gorgeous sunshine. Meanwhile, our paddleboarders returned soggy but smiling after plenty of fun on the water. We celebrated another successful day with a takeaway dinner and ice pops. In the evening, the field turned into a dance floor for party games. They rounded off the night with hot chocolate, marshmallows, and a bedtime story.
